R-ICT

Responsible ICT Network

Duration: 2014 - 2016
Funding: Coordinator: CISE – Centre for Innovation and Economic Development (Italy)
Coordinator in APINI: prof. dr. Žaneta Stasiškiene
Partners: KTU APINI, CISE, Foundation FUNDECYT-PCTEX (Spain), Province of Bologna (Italy), City of Eindhoven (The Netherlands), Athens University of Economics and Business (Greece), Government of Extremadura (Spain), Lund University/Cluster 55 (Sweden), Scottish Business in the Community (United Kingdom), Toulon Var Technologies (France)

Description: R-ICT promotes CSR within the ICT sector, including themes of key importance to our daily lives, such as better internet for kids, safer internet, inclusion, web-accessibility, digital social platforms, ICT for ageing well, ePrivacy, do-not-track, on-line behavioural advertising, media freedom and pluralism, no disconnect strategy. The R-ICT network works in close cooperation with DG CONNECT (European Commission Directorate General for Communications Networks, Content & Technology) in order to address social, environmental and cross-cutting concerns, including competitiveness, responsible innovation and social innovation.
