## Scholarships

- University may award scholarships for applicants with outstanding qualifications and for good academic performance throughout the studies.
- Lithuanian government may grant scholarships to foreign students who meet certain criteria.

## Contact Information

- **Address:** FB: KTU international students, LT-44029 Kaunas, Lithuania
- **Phone:** +370 37 300088
- **Email:** international@ktu.lt
- **Website:** web: ktu.edu
- **Social Media:** facebook.com/ktu

---

### Estimated Cost of Living / per person

- **First Semester:** € 800
- **Second Semester:** € 1500

### VISA

Students from non-EU countries may apply for a Lithuanian visa. A welcome visa is given to students who will arrive in the city 1-2 weeks before the beginning of the academic year. Further information about the Lithuanian language requirements and visa deadlines is available at the KTU International Relations Department.

---

### Meet & Greet

KTU offers a meet & greet service for students arriving in the country. The service includes assistance with accommodation and information on the local city and everyday life. Volunteers are available to assist with accommodation, transportation, and orientation.

---

### Living Costs

The cost of living in Lithuania is relatively affordable compared to other European countries. Students can expect to spend approximately €500-€700 per month on living expenses.
Teaching and research performed since 1922

Performing 70 percent of all Lithuanian R&D

Safe environment and temperate natural conditions make for pleasant living

A short flight (2 to 3 hours) from any European country

Founder of two integrated Science,

Partnerships with business and

More than 350 Erasmus and 100 other bilateral

A member state of the European Union, the World Trade Organisation, The

16 undergraduate, 28 Master and 17 PhD degree

Open access laboratory spaces that are in many

Extensive mentoring in all areas – from academic

Achievements in ultrasound, organic chemistry, systems

diagnostics, informatics, materials and environmental
engineering, that have forwarded international
advancement of those areas

One of the leaders among European engineering
educational institutions in performing R&D for the
benefit of small and medium enterprises

Performing 70 percent of all Lithuanian R&D for business and industry

Founder of two integrated Science, Studies and Business Valleys

Open access laboratory spaces that are in many
instances among the best equipped in Europe

your checklist for choosing Kaunas University of Technology

applicability of acquired skills and knowledge through work placement and internship programmes

Work placement/internship is a part of undergraduate study programme

Masters and PhD students have the possibility to apply their skills as a part of the research projects at faculties and research institutes

Work placements in close to 100 countries through University’s partners under Erasmus+ programme, membership in the international student exchange organisations, such as AIESEC, ISIEC, Partners for Value, ISIEC, and other programmes

Career counselling and the largest job fair in Lithuania Career Days

Possibility to develop an idea into business with the assistance of University’s Start-up Space

Partnerships with business and industry partners provide students with work placement opportunities

quality time allowing to enjoy all aspects of University life

Leading university in Lithuania by participation in European research programmes

Achievements in ultrasound, organic chemistry, systems
diagnostics, informatics, materials and environmental
engineering, that have forwarded international
advancement of those areas

One of the leaders among European engineering
educational institutions in performing R&D for the
benefit of small and medium enterprises

Performing 70 percent of all Lithuanian R&D for business and industry

Founder of two integrated Science, Studies and Business Valleys

Open access laboratory spaces that are in many
instances among the best equipped in Europe

каunas, lithuania: an exciting place to live and study

Kaunas is the second largest city in Lithuania, often called Lithuanian intelli-
gensia and cultural capital

11 universities and colleges in Kaunas create vibrant and diverse city’s stu-
dent community and thus makes Kaunas an academic and youth city

Safe environment and temperate natural conditions make for pleasant living

A short flight (2 to 3 hours) from any European country

Among the top five EU countries boasting the greatest number of people proficient in at least one foreign language (as many as 92 percent of Lithuanians speak English, Russian or German)

A member state of the European Union, the World Trade Organisation, The
United Nations, OSCE and NATO

Vilnius and Kaunas are among the top 10 most cost-effective cities in
Europe

Fifth in the world, third in Europe and first among the Baltic States in foreign investment projects. Lithuania ranks first in Europe in the expansion of fibre
optic and mobile broadband and has one of the fastest broadband connec-
tions in the world
