We invite all students and young scientists in various fields to share the accumulated theoretical and practical knowledge, experience or research results, to discuss scientific and practical problems, their solutions, to write articles, deliver reports, participate in scientific discussions and strengthen science.

Reports and articles can be prepared in Lithuanian, English, German, Italian, Russian, French, Spanish Swedish. Please consult with your selected supervisors.

All articles that comply with the academic requirements of publication will be published in the scientific journal “The Bridge to the Future”.

There is no registration fee.

Other important information will be sent to the selected candidates.

Please, fill in the registration form until March 16, 2015.
Deadline for submission of articles 30 March, 2015.
Participation in the conference will add points to continue studies at University!

For more information about the conference please contact e-mail: stud.konferencija@ktu.lt
