Testimonials

Lena Morena – Business Development and Marketing

My time in the UK was the happiest of my life, and it wouldn't have been possible without ESPA. Thank you all for your work.

Konstantinos Koutsilis – Software Engineer

I would absolutely recommend ESPA to my friends. It is nice to know that you have someone backing you up in any case and that you are not alone.

Marsinta Pasai – Business Development

I am extremely satisfied with ESPA. Helping students get their dream internship is so important for us. Not to mention that the accommodation was provided by you. I am sure all interns have saved a lot because of that.
